Star Ware: The Amateur Astronomer's Ultimate Guide To Choosing, Buying, And Using Telescopes And Accessories

Synopsis

Praise for the First Edition of Star Ware . . . "A complete, current review of the material needed by backyard astronomers . . . It deserves a place on the bookshelf of anyone who looks at the sky."
-David Eicher Associate Editor, Astronomy Author of Beginner's Guide to Amateur Astronomy "A great help to anyone, especially the novice, who is wondering what to get. I don't know of any other single source that covers so much of the equipment scene." - Alan MacRobert Associate Editor, Sky & Telescope Author of Star-Hopping for Backyard Astronomers. Just as our knowledge of the cosmos has changed dramatically in the past few years, so has the world of telescope buying. Today, it is easier than ever for the backyard astronomer to actively observe the universe-with equipment to satisfy every need. How does the amateur astronomer make informed choices? In this Second Edition of Star Ware, award-winning astronomy writer Philip S. Harrington helps eliminate the guesswork, and guides you through the process with fully updated and expanded chapters on telescopes and accessories. For budding astronomers and experienced amateurs alike, Star Ware, Second Edition gives you everything you need to make educated decisions, including:

- * Extensive reviews of leading model names and hard-to-find accessories on the market, along with dozens of new products to help you buy smart
- * A clear, step-by-step guide to all aspects of purchasing, from choosing the right binoculars and telescopes to buying eyepieces, filters, cameras, and film
- * Ten new do-it-yourself projects to help save you time and money-including a portable telescope case and performance-enhancing collimation tools
- * Easy maintenance, mapping, and photography tips of the trade to help you get the most out of your telescope and stargazing
- * Where to find everything astronomical: Internet sites and web resources with complete addresses for distributors, dealers, and conventions; corporate listings for products and services; and advice on using equipment.
