Boys In The Field: A Championship Journey From Red Land To Williamsport

Synopsis

"They started merely as boys. They developed into a team. And then, they became...Champions." This is the story of thirteen kids who dared to chase a dream, a dream they shared as ballplayers, and the men who guided them each step of the way. They came together - worked hard together, aspired together - and together, in the summer of 2015, they formed a team that captured the hearts and imaginations of people everywhere. Through sacrifice, struggle, and the building of relationships between fathers who had to harden their sons, and mothers who had to comfort them, this group of individuals became unified to one purpose. As a result, boys became friends, friends became teammates, and working together, they became champions. This story is about the championship journey from Red Land to Williamsport in 2015 for the Red Land Little League team.

I received my copy of Boys in the Field via at the time of release. I started reading it aloud to my 6th grade classes, and we are captivated!! The author's style of writing paints the perfect picture of the magical journey a team of boys, their families, coaches and fans went on. My students wish we had more "read aloud" time because they love it that much. I love their enthusiasm. This is not just another book about baseball. It is so much more.

I read this book just hoping to get to know a little more about the team that took Pennsylvania to Williamaport. I live 15 minutes from Red Land/Lewisburg and know about GoWags and the Wagners. This book turned out to be so much more than that. This book tells of Central PA baseball history...and the story of the boys that took Red Land to Williamsport and became US Little League

Champions. If you are any kind of a baseball fan or live in the Central PA area...this book is a must read. Thank you for putting this book together.

I purchased a copy of this book for myself and then bought three copies as gifts for family and friends. Everyone agreed with me that this is an inspiring book for all young people. Not only a baseball story of the 2015 US Little League Champs but stories affecting all 12 year olds. The tears streamed down my face as I read of the frustrations, personal problems, and emotions these boys faced along their journey.
