Best Sellers Rank: #641,209 in Books (See Top 100 in Books) #27 inÂ Books > Sports & Outdoors > Other Team Sports > Lacrosse

## Customer Reviews

I gave this as a gift to my cousin who was starting out in high school Lacrosse. I wanted to pick something that wasn't too basic, and this book had some good details on some basics but also strategy and drills.

I had signed up for an online course in coaching lacrosse and this was the textbook that was offered. Unfortunately, the family did some housecleaning and the original text was thrown out! After careful searching, I found this replacement text online. It is the exact same one! Good book (I previously, years ago, had bought one Sports Illustrated had created on basketball when I was thrown into a situation of coaching that sport as a first year teacher-and I was a wrestler by trade).

The basketball book allowed me to finish .500 with a mismatch group of kids.

If it is in coach Danowski's library it has to be a worthwhile addition to mine. Every lax coach can benefit from reading and referring to it
