Customer Reviews

I love this book. It breaks down each stroke and explains all elements of the stroke and areas to look for to improve stroke development. Illustrations are excellent. I would recommend to all high school and beginning tennis coaches who want to get great information to pass to their students.

Good material, not just for coaching, I've chosen this book for its informative guideline to correct and adjust my game on the court. I chose this book expecting that it would be like most of the tennis titles, but it rendered more knowledge and improves my play than any other tennis book I have so far. I'm just a moderate tennis player.

Above average, provides basic coverage of a very complex skill - Tennis Coaching.
