Classic Battletech: Field Manual Periphery (FPR10982)

Synopsis

Beyond the Great Houses of the Inner Sphere lies the untamed Periphery. Filled with young souls seeking adventure and freedom, the Periphery is a watershed for every stripe of humanity. This diversity has spawned powerful Inner Sphere-like political coalitions, roving pirates, one-world lesser powers and bandit kingdoms striving for legitimacy. Wild, uncivilized and deadly, the Periphery is a turbulent frontier where any warrior who dares can be king. BattleTech Field Manual: Periphery describes the various factions that make up the Periphery: Magistracy of Canopus, Taurian Concordat, Marian Hegemony, Outworlds Alliance, Circinus Federation, the Lesser Periphery States, Bandit Kingdoms and the Deep Periphery. This sourcebook describes the history, military doctrine, traditions and tactics of each Periphery faction, plus special rules that reflect the exclusive capabilities of each Periphery regiment, as well as new weapons and 'Mechs unique to the Periphery.

Book Information

Series: Battletech

Paperback: 184 pages

Publisher: FanPro (September 1, 2003)

Language: English

Best Sellers Rank: #972,815 in Books (See Top 100 in Books) #47 in [Books > Science Fiction & Fantasy > Gaming > Battletech](#)

Customer Reviews

Arrived in great condition. The book may be too much for the 'novice'. But, it's a great book for any GM.

I am a longtime Battletech fan, and own most Technical Readouts and Field Manuals. Most had some flaws, but at least had a lot of new material. This is not the case with The Periphery. There are a lot of spelling errors to begin with, secondly the quality of the book binding is terrible. After opening the book the first time, the pages started to loosen and fall out. Thirdly, WizKids simply

recycled most material without updating the data from previous Sourcebooks. Finally, most of the artwork came from earlier books. The only good part is that it portrays the Hanseatic League and Castellan Principalities. Unfortunately, many other organization barely touched in previous Sourcebooks were omitted. A sad end overall, for a great series of books.
