Rivers: Diary Of A Blind Alaska Racing Sled Dog

Synopsis

A chance encounter on a chilly, rainy day started a heartwarming adventure for a blind dog and a human. This is Rivers's diary of that adventure; becoming pain free and dealing with his disappointments while learning to interact with humans. Rivers tells of a blind dog's efforts to overcome his challenges and achieve his destiny. Rivers is a tale of the bond between a dog and a man, of courage, friendship, loyalty and adventure. It is full of positive messages for both young and old. Rivers takes place in that mystical land called Alaska, where sled dog racing is the state sport, dogs are considered athletes, and mushers are their coaches.

wow what a heartwarming story for parents to read to their children. It is especially wonderful for parents with children who have special needs. It shows how no matter what you can achieve your dreams....what a positive message

The story about Rivers, a blind sled dog, is great! The story is told from his point of view and is interesting. However, the grammar and spelling errors make reading the book less than spectacular. Too bad, since this would be a nice book for students to read.

After reading Book 1 I couldn't resist to start reading Book 2 as soon as possible. One feels at home with Rivey and all the adventures he has are amazing, considering he's blind. I loved Xmas and Lakota and Nitro. What a team they are. And even better, he really answers his e-mail!
