Customer Reviews

How to Play Badminton : A complete misrepresentation of a book more like a pamphlet-there are no rules included. Suggest it is inspected and taken off your listings.

Total misrepresentation. There's nothing here you can't find on Wikipedia. \$2.99 for a 2-page pamphlet? should pull this offering.

I am not really a sporty person but eversince I was able to try and play badminton, I felt like I have found the perfect sport and hobby for me. I started playing badminton for recreation and exercise with my family and friends. I have lost 4 pounds in a month just because of playing the sport twice a week. Since I have grown much fitter over my last few months of playing, I am thinking of bringing up my passion to the next level and start joining competitions. This report has helped me understand the basics of badminton and shared some tips that I do believe will really be helpful

once I join my first match.
