Ben saved River, but does not know she had a surgery on her lower abdomen while she was being held captive by the Hunters. She does not even know if they took something out or put something in. They did an ultrasound on her and took a urine sample prior to surgery. She fought to keep them from taking her into surgery, but that ended with a needle full of drugs in her arm. She awoke with stitches across her lower abdomen. Mystery. Ben the ghost was out finding a way to help her escape. He did. She's back at the Shade safe as can be. Now what? Ben gets into deeper trouble is what. Trying to find a way out, he meets up with a new type of being holding him captive. Can he escape? The exploits of Aisha and Julie continue. Derek makes a bold decision that could change Sophia and Jeremiah's lives. River worries about Ben and sinks into depression. There is a very, VERY huge surprise that all fans of the Shade will love!! Read this book! It's a must!!

A little boring at times, but the story is definitely leading somewhere. It brought back some old and unexpected characters and even some I thought were gone for good. I can't wait for the next. I'm still left wishing for some more Ben and River actually together time but hopefully that will be in the next book. I definitely loved the direction this book is leading to.

This book has made my all time Top 5 Favorite Shade books list. I had NO CLUE that Ben's story was going to end up here. I was shocked, scared, totally surprised, dumfounded, and practically fell off my chair at some crazy moments. Bella has taken Ben's story to such a dark and dismal place...is there any hope for him? I really feared for poor Ben's life and what was to become of him. New characters are introduced as well as some old. There was nothing predictable in this story. Be prepared to read this one without stopping. You won't be able to put it down.

I don't even know where to start, I wasn't expecting any of that to happen and what a cliffhanger! Readers are in for some big shocks and lots of twists and turns! It is really hard to write a review without spoilers and I don't want to ruin it for anyone so just make sure you read this book and find out for yourself how good it is because you will love it! Things have been very bleak for Ben in the last few books and his loved ones are despairing but he is clever and determined so we just have to hope and pray that he can find a way to make it back to The Shade in the next book, his grand finale! Fingers crossed! Ben has had a terrible time so I really want a happy ending for him but that is not for me to decide unfortunately! After reading this book I can already imagine how amazing the next one is going to be and I will be counting down the days till I can devour it, I'm sure I will not be able to put it down for even a second! Thank you for another brilliant book Bella Forrest!

After reading all the books prior to this one, I found I was getting tired of the series. I really wanted an end to the story, but each book ends introducing a new story, but I found myself getting a bit impatient with it all. This was the last one I read, and while I enjoyed most of the previous books, I needed to take a break from it.

Almost the end! What a great book leading up to the end which is being released this month. All the characters are in place for a spectacular ending! This was mesmerizing, romantic, exciting, tearful with a family reunion.....I am so very hooked...can't wait for the next one which is the last one. And I don't want it to end! Thank you Bella Forrest.

Good book. Enjoyed the series but it was long and now more books will be written with these characters so is it the end? I loved the many creatures in the stories well written thought out. Great characters.
